U.S. AIR FORCE

---

# *Overview*

- **AQ and IL Policy for Contractor Managed Systems**
- **Contract Requirements**

U.S. AIR FORCE

# ***AQ and IL Policy for Contractor Managed Systems***

## **■ Maintenance**

- Blue suit capability must be maintained for on equipment deployable and home station maintenance in order to guarantee deployment capability.**
- Depot level capability must ensure best value to the government.**
- New weapons systems must proactively consider using ALC maintenance as part of their partnering strategy.**

U.S. AIR FORCE

# ***AQ and IL Policy for Contractor Managed Systems***

---

- **Material Management and Retail Supply**
  - **The Contractor's wholesale system must interface with the SBSS.**
  - **Support will be obtained from sources that provide the best value to the government.**
  - **In accordance with Title 10 § 2451, only one source will be assigned material management responsibility.**

U.S. AIR FORCE

# ***AQ and IL Policy for Contractor Managed Systems***

## **■ Transportation**

- **Material will be moved by the most expeditious means available and is subject to the requirements of the Combatant Commander.**
- **Contractors will provide for the transportation of material from point of origin to any point within the United States or its territories.**
- **Contractor shipments overseas will follow government transportation guidelines.**
- **In-transit visibility will be achieved through the Global Transportation Network.**

U.S. AIR FORCE

# ***AQ and IL Policy for Contractor Managed Systems***

- **Information Data Systems**
  - **Standard Air Force systems interfaces must be fully utilized at home station and deployed locations.**
  - **Air Force visibility of data is essential.**

U.S. AIR FORCE

---

# ***Contract Requirements***

- **Logistics Reassignment**
- **Technical Data Package**
- **Cataloging Actions**
- **RSP Development**
- **Organic Transportation**
- **AFMETCAL Contractor Managed Calibration Equipment/SERD Process**

U.S. AIR FORCE

# ***Contract Requirements (Cont)***

---

- **Packaging Data**
- **Chief Financial Officer (CFO) Reporting**
- **Serial Number Tracking**
- **SBSS Interface**
- **Metrics**

U.S. AIR FORCE

# ***Logistics Reassignment***

---

- **Transfer of management responsibilities from C-ICP to government or another contractor.**
  - **Supports other Air Force platforms**
  - **Supports other Services**
  - **CLIN for other program/Service funding**
  - **Transition Plan (Common Items)**
  - **Transition Plan (Contractor to Contractor)**

U.S. AIR FORCE

---

# ***Technical Data Package***

- **Data items, documents, drawings, manuals, revisions, engineering change proposals, technical orders, etc., used to perform re-procurement activities and/or government maintenance effectively.**
  - **Level II (Performance Based)**
  - **Level III (Item Detail)**
  - **CLIN for data procurement**
  - **On-going procurement or end of contract**

U.S. AIR FORCE

---

# ***Cataloging Actions***

- **Provisioning, assigning NSNs, and source, maintenance, and recoverability (SMR) coding**

U.S. AIR FORCE

# ***RSP Development***

- **To define RSP spares required to sustain a weapon system for a specified period during wartime operations**

U.S. AIR FORCE

# ***Organic Transportation***

---

- **Movement and shipment of spares and equipment**

U.S. AIR FORCE

# ***Calibration Equipment/SERD Process***

---

- **AFMETCAL Contractor Managed  
Calibration Equipment/SERD Process**

U.S. AIR FORCE

# ***Packaging Data***

---

## ■ **Proper marking for customs**

U.S. AIR FORCE

# ***Chief Financial Officer (CFO) Reporting***

---

- **Report all AF owned materiel to provide information to prepare AF Financial Statement**

U.S. AIR FORCE

# ***Serial Number Tracking***

---

- **language for serial number tracking**
  - **Currently, the DoD Policy on Serial number tracking is that all new contracts after 1 Jan 2004 will be compliant.**
  - **The Air Force Staff is currently staffing an implementation plan.**

U.S. AIR FORCE

---

# ***SBSS Interface***

- **System interfaces between contractor and Air Force data systems.**

U.S. AIR FORCE

---

# ***Metrics***

- **Parameters assessed while contractor providing support.**

U.S. AIR FORCE

---

# ***Conclusion***

- **Items that we look for during program reviews.**
- **Should be addressed in the contract.**
